Ann Melton
Judge/Executive

February 21, 2011

To Whom It May Concern:

As Judge Executive of Adair County, I want to express my support and concern regarding the progression of the Heartland Parkway, which will connect the Bluegrass Parkway to the Louie B. Nunn Parkway in Central Kentucky.

With the construction of the Heartland Parkway, hopefully, Washington, Marion, Taylor and Adair County can be at the same competitive nature and see some of the same growth opportunities as those on major interstates and parkways. This parkway would attract new manufacturing and retain existing jobs. Adair County continues to struggle from the loss of jobs and the economy. Residents of Adair County continue to drive many miles to find work, shopping, and specialized health care.

I am in support of the Heartland Parkway. I hope that Kentucky will realize that this project should be a priority. With the construction of the Parkway, I feel that Adair County could be revitalized.

Sincerely,

A handwritten signature in cursive script that reads "Ann Melton".

Ann Melton, Judge Executive

Adair County
